— we sing all day, — we sing all night.

we sing all day,

47 D⁷ G Am

we touch the moon, the stars a - bove,

We touch the moon, the stars a - bove,

51 D⁷ G C G

we sing for peace, we sing for love.

— we sing for peace,

55 Am/G G Am/G G

— We move the world, we move the world.

We move the world,
we are the light,
we sing all day,
we sing all night.
We touch the moon,
the stars above,
we sing for peace,
we sing for love.

And the world shall see
what can be done,
to be together here
as if we are one.
All the bells will ring
and the sun will shine
right into our hearts,
into yours and mine.

We move the world,
we are the light,
we sing all day,
we sing all night.
All the clouds are gone
when you take my hand
and this song we sing
will never end.

Open up your soul
and spread out your wings,
take all the joy and hope
that music brings.
We touch the moon,
the stars above,
we sing for peace,
we sing for love.
